

Inviting Applications for Quality Assurance (QA) Tester in IT Department, NIST University, Institute Park, Berhampur, Odisha

The IT department of NIST University, Institute Park, Berhampur, Odisha, is inviting applicants for the post of Quality Assurance (QA) Tester.

Position: Quality Assurance (QA) Tester

Position Type- Onsite, Full-Time

Department: Information Technology (IT)

Reports To: Head of IT

Responsibilities: NIST University is seeking a meticulous and detail-oriented Quality Assurance (QA) Tester to join our IT team. The QA Tester will be responsible for ensuring the quality and reliability of software applications and systems developed at NIST University. The candidate is expected to have following job responsibility:

- Conduct manual and automated testing of web-based and mobile applications.
- Develop and execute test cases, scripts, plans, and procedures to verify functionality, usability, and performance.
- Identify and report bugs, issues, and discrepancies in a clear and concise manner.
- Collaborate closely with developers, and designers to understand project requirements and ensure comprehensive test coverage.
- Participate in requirement analysis and provide input to enhance software design and usability.
- Perform regression testing to validate fixes and ensure software quality throughout the development lifecycle.
- Document test results and create detailed reports for management and stakeholders.
- Stay updated with industry best practices, tools, and techniques in software quality assurance and testing.

Qualification and Experience:

- Bachelor's degree in Computer Science, Information Technology, or a related field.
- 1-2 Years of proven experience as a QA Tester or similar role. Fresher may also apply.
- Solid understanding of software QA methodologies, tools, and processes.
- Experience with manual testing techniques and automated testing tools (e.g., Selenium, JUnit).
- Proficiency in writing clear, concise, and comprehensive test plans and test cases.
- Strong analytical and problem-solving skills with a keen attention to detail.
- Excellent communication and collaboration skills to work effectively in a team environment.

Please submit your application/resume via email at: career@nist.edu and cc to it_administrator@nist.edu with the subject line: "Application for QA Tester Position".
